Dear FCC,

I respectfully urge the FCC to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that I demand and deserve.

I travel by automobile 50,000 miles per year and it is important to me to know what weather and road conditions are in my home area, Minneapolis and St. Paul, MN. Local radio stations cannot provide this information to me, since they do not have the range.

Please do not force XM to cut this valuable service.

Thank you.
